LEGACY COLLECTION

ASSETS GUIDE

Free Assets Organized by Series

Explore the assets included in this collection and discover how they connect to the full premium series.

ORGANIZATION

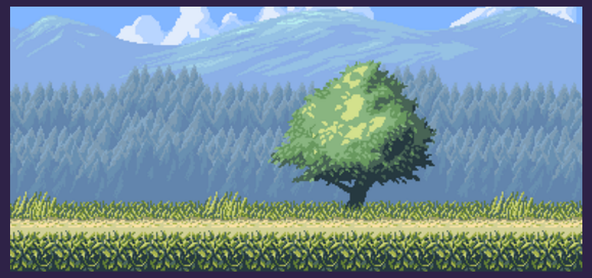
This collection includes a curated selection of free assets organized by series.

Each asset belongs to a larger collection with a consistent style and theme.

To keep everything simple and easy to navigate, each series folder is organized into two main categories:

- **Characters** → Players, enemies, and animated entities

- **Environments** → Backgrounds, tilesets, and props



Each section represents a different series:

Gothicvania
Dark Gothic Worlds

Warped
Sci-Fi Environments

TinyRPG
Classic Fantasy Assets

Explosions & Magic
VFX and Combat Effects

These are free samples from much larger, continuously expanding collections.

Note:
Some assets are now available as dedicated Starter Packs for better organization and easier access.
